

FAQs for the Honeywell Retiree Clubs Scholarship Program

Why was the Honeywell Retiree Clubs Scholarship Program created?

The purpose of the Honeywell Retiree Clubs Scholarship Program is to identify eligible undergraduate and graduate college students who are descendants of a participating Honeywell Retiree Club of Arizona member and award them money to help reduce their costs for a college education.

Who provides the funding for these scholarships?

The Scholarship Program is a joint program by Honeywell International (HON) and participating Honeywell Retiree Clubs of Arizona and their members to encourage learning and education by providing financial assistance to college students who are descendants of active or deceased Club members.

The source of the funds for these scholarships is shared between the participating Retiree Clubs of Arizona and Honeywell International as follows:

- Honeywell Retiree Social Club of Arizona: \$1,500
- Honeywell-Garrett Retirees Club of Arizona: \$1,500
- Honeywell Aerospace: amount varies each year
- Individual donations made through 501(c)(3) charitable contributions

What are the award levels for the scholarships?

Generally, awards will be made in the range of \$500 to \$1,500 per recipient. The Scholarship Foundation Board may modify the award amounts based on funds available.

How many scholarships are given each year?

The number of scholarships awarded each year is dependent on how many students apply and the level of funding.

Who is eligible for the Honeywell Retiree Clubs Scholarship?

1. The student must be a legal descendant of an active or deceased member of a participating Honeywell Retiree Club of Arizona. (A deceased Retiree Club member is defined as a member who passed away while holding active membership in one of the participating clubs.)
2. The student should have attained a cumulative 3.0 or better Grade Point Average (GPA) for their college coursework at the time of application.

While it is the intent of the Scholarship Foundation to ensure awards are provided to students who are serious about studying and graduating, the Scholarship Foundation Board has the flexibility to consider other factors when reviewing grade point average for awards.

Who is eligible for the Honeywell Retiree Clubs Scholarship? - continued

3. The student must be entering the second semester freshman year, a sophomore, a junior, a senior, or in a graduate course of study.

NOTE: Enrolled freshman may apply during the second freshman semester for their sophomore year, providing they attain a 3.0 GPA or greater in their first semester. Second semester GPA will also be considered for the award.

4. Students may be enrolled in any field of study, although preference may be given to a student who is enrolled in a technical field, in the event two or more applicants qualify for the same scholarship award.
5. Candidates must re-apply annually.

How do you define “Retiree Club Membership?”

As part of the applicant review process, the Scholarship Board will confirm that the applicant’s listed relative is an active or deceased member of a participating Honeywell Retiree Club of Arizona.

Active membership is defined as membership as of December 1 of the year the scholarship application process begins. (Example: for the 2019-2020 program year, active membership must be in place by December 1, 2018.) A deceased Retiree Club member is defined as a member who passed away while holding active membership in one of the participating clubs.

Who qualifies as a legal descendant of a Honeywell Retiree Club?

The Scholarship Foundation defines a legal descendant as the child, grandchild or great-grandchild of a Retiree Club member. This can include a biological child, biological grandchild or great-grandchild, a legally adopted child, legally adopted grandchild or great-grandchild or stepchild, step grandchild or step great-grandchild.

At this point in time, spouses of a retiree’s child or grandchild are not eligible for a scholarship.

Is there a grade point average required for those applying?

Yes. The student should have attained a cumulative 3.0 or better Grade Point Average (GPA) for their college coursework at the time of application.

FAQs for the Honeywell Retiree Clubs Scholarship Program

Can a high school senior apply for a scholarship for their Freshman year?

No. The student must:

- be entering the **second semester** freshman year
(NOTE: Enrolled freshman may apply during the second freshman semester for their sophomore year, providing they attain a 3.0 GPA or greater in their first semester. Second semester GPA will be considered for the award.)
- a sophomore,
- a junior,
- a senior, or
- in a graduate course of study.

Are scholarships available for any school?

No. Current qualifying Universities include Arizona's three major universities: University of Arizona (UA), Arizona State University (ASU) and Northern Arizona University (NAU)

Will other schools be added to the list of eligible schools?

As funding expands, other Arizona State colleges and universities may be added.

How does someone apply?

Eligible students can apply in a number of ways.

- Contact a Scholarship Foundation Board Member and ask for an application
- Download and complete the Scholarship Application from this www.hrcaz.org and forward it to Frank Holman at frankholman@cox.net.

If a student is selected to receive a scholarship how will they receive the award?

The Scholarship Board will issue the student a check in early summer which should be used for books, meal plans and other direct college expenses.

When can students apply?

The Scholarship Program opens for applicants on December 1 of the award year.

What is the last day a student can apply?

The application process closes on April 1 of the award year.

When are decisions made?

The Scholarship Board meets in April to review and select the recipients for the awards. Final awards and distribution are made in the May /June timeframe.
